PROFESSIONAL SUMMARY

Computer Science Engineering undergraduate with hands-on experience in software development, backend technologies, cloud platforms, Machine Learning, and Generative AI. Skilled in Python, TypeScript, Node.js, FastAPI, Flask, REST APIs, PostgreSQL, Firebase, and Supabase. Experienced in developing AI-powered applications using TensorFlow, PyTorch, Scikit-learn, OpenCV, and Google AI Studio. Familiar with LLMs, RAG, embeddings, vector databases, and AI agents through learning and exploration. Experienced in building application workflows and deploying machine learning solutions using IBM Cloud. Interested in developing scalable software systems and practical AI-driven products.

TECHNICAL SKILLS

Programming Languages: C, Python, SQL, HTML
Programming Fundamentals: Basic Data Structures and Algorithms, Object-Oriented Programming Concepts
Software & Backend Development: Node.js, FastAPI, Flask, REST APIs, Backend Integration
Databases & Backend Services: PostgreSQL, Firebase, Supabase
AI & Machine Learning: Machine Learning, Deep Learning, Computer Vision, TensorFlow, PyTorch, Scikit-learn, OpenCV, NumPy, Pandas
Generative AI Concepts: Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), Embeddings, Vector Databases, AI Agents, Tool Calling
Cloud & Deployment: AWS, IBM Cloud, Vercel, Render
Development Tools: Git, GitHub, Postman, VS Code, Android Studio, Google Colab, Kaggle, Figma

EDUCATION

St. Joseph Engineering College, Mangaluru — B.Tech – Computer Science Engineering 2023–2027
St. Joseph's Pre-University College, Bengaluru — PUC – PCMC 2023
St. Joseph's Indian High School, Bengaluru — SSLC 2021

CERTIFICATIONS

- Getting Started with AI – IBM SkillsBuild
- Journey to Cloud – IBM SkillsBuild
- Low Code No Code & Machine Learning Development Bootcamp – YHills
- Explore Machine Learning using Python – Infosys Springboard, June 2025
- Software Engineering – Infosys Springboard, July 2024
- Gen AI Engineering Mastermind – Outskill
- AI Ascend 2026 Learning Program – Kyndryl & AWS

PROJECTS

Women Safety App (RakshaNet) | *Figma AI* | *Firebase* | Link
- Developed a mobile safety website using Figma AI and AI tools, providing one-tap SOS alerts and real-time GPS location sharing.
- Integrated Firebase backend services and Leaflet Maps API for location visualization.
- Implemented offline emergency functionality using mesh networking for peer-to-peer alerts in low-connectivity environments.

CarbonMind AI – Sustainability Platform | *Python* | *TensorFlow* | *Pandas* | *Google AI Studio* | Link
- Developed an AI-powered sustainability application to estimate users' carbon footprints.
- Created functionality to generate personalized eco-friendly action plans.
- Built the project for Google PromptWars Virtual Challenge 4, achieving a Top 1,000 ranking among 35,000+ participants.

Farm Marketplace – AI-Agent & Blockchain Agricultural Marketplace | *Ongoing Project*
- Developing a mobile marketplace connecting farmers, buyers, and delivery partners.
- Planning an AI agent for order organization and a blockchain-based trust layer for marketplace interactions.

INTERNSHIP EXPERIENCE

AI & Automation Intern | *BharatCares®* | *Remote* *June 2026 – July 2026*
- Built a Prompt-to-App project that converts natural-language prompts into functional, deployable websites.
- Integrated AI automation into the software development workflow to support prompt-driven application creation.
- Explored and applied Generative AI, Agentic AI, AI automation, and Intelligent Virtual Agents in production-style workflows.

AI & Cloud Intern | *Edunet Foundation – IBM SkillsBuild*
- Designed, trained, and deployed a machine learning model on IBM Cloud using Python.
- Used IBM watsonx to support AI solution development and accelerate implementation.
- Applied machine learning and cloud computing concepts to build a functional cloud-hosted solution.

ACHIEVEMENTS

- Google PromptWars Virtual Challenge 4 – Google for Developers & H2S: Built CarbonMind AI and ranked in the Top 1,000 among 35,000+ participants.
- Represented the Karnataka & Goa Directorate at the NCC national level.
- State-level participation in Hockey, Floorball, and Athletics.
- Completed NCC Cadet training, developing leadership, discipline, and teamwork skills.
